enjoy life!*

Lewens
MARKISEN

All good things come
from above –
with a valance.

Our FAMILY CLASSIC awning exudes proven Lewens quality, optimum user-friendliness and a summery appearance with its typical valance. The choice is yours: opt for the Open, Rain Cover or Encased type.

Options

For even greater comfort you can equip your FAMILY CLASSIC with:

■ **Vario Valance**

The Vario Valance offers variable shade from the sun and privacy while retaining the headroom below the awning.

■ **LEWENS-Matik**

An additional gear mechanism enables the pitch of the awning to be adjusted smoothly from 50° to 52° to adapt it to the position of the sun (can be supplied for up to 600 cm width maximum and 350 cm drop).

■ **Support legs**

■ **Lighting strip**

■ **Patio heater**

■ **Sun and wind sensor**

■ **Radio remote control**

OPEN TYPE

On the basic FAMILY CLASSIC type, the awning fabric roller is exposed or “open”. Round end caps at the sides and the fabric cover shell on the front of the fabric roller give the awning a harmonious appearance.

SYSTEM

The FAMILY CLASSIC is a sturdy, long-lasting quality awning:

- Front profile with double hollow chamber and integral rain gutter
- 40 x 40 x 2 mm console tube, galvanised and powder-coated
- Rust-resistant pins, Teflon-coated bearings, high-grade steel screws

Family Classic – Rain Cover type

RAINCOVER TYPE

The **protective cover** on the FAMILY CLASSIC RAIN COVER type protects the awning when retracted against dust, rain and other effects of the weather.

In the central hinged arm joints, a plastic sheath prevents soiling and corrosion of the double cable and extends its service life.

ENCASED TYPE

Equipped with a **protective cover and back plate**, the ENCASED type of the FAMILY CLASSIC provides secure all-round protection for the fabric roller.

The side caps are of the same design as for the Rain Cover type.

Arm bracket of high-strength aluminium alloy matched to the contours of the fabric cover shell, upper arm fork of forged aluminium.

SYSTEM

Technical features
